

Activity Guide

NEWTONIAN DEMONSTRATOR CAT. NO. NWDM01

DESCRIPTION

The Newtonian Demonstrator (NWDM01) visually demonstrates Newton's Third Law of Motion and the Law of Conservation of Momentum, and makes a great conversation piece for classroom, home or office.

Specifications

1. Mass of balls: 33g each
2. Diameter of balls: 20mm
3. Material of balls: Steel, Chrome-plated
4. Number of balls: 5
5. Material of string: Nylon
6. Base Dimensions: 12.5cmX11cmX15cm
7. Apparatus Weight: 453g
